## Batuhan Korur Full-stack Developer

bkorur95@gmail.com

03 August, 1995

British & Turkish Citizen

+90541 314 7898

Istanbul, Turkey

Full-Stack Developer with extensive experience and expertise in TypeScript, React, Vue, Node, Bun and Laravel. Specializing in developing scalable and maintainable full-stack applications that offer a consistent user experience. Proficient in creating and integrating RESTful APIs and building robust back-end services. Demonstrated capability in working with external micro-services and managing scalable project architectures.

### Experience

Dedecta | Lead Front-end Developer November 2024 - Present | Istanbul, Turkey

- Rebuilt the entire Dedecta Analysis Panel towards a more maintainable and performant approach by introducing modern tools and best practices, leading to improved code maintainability, faster iteration cycles and development time.
- Designed and implemented advanced front-end features, including interactive charting, real-time data mapping, and dynamic PDF report generation, enhancing user engagement and platform functionality.
- Collaborated with cross-functional teams to integrate external microservices and APIs, ensuring seamless data flow and system scalability.

Reachin | Full-Stack Developer Feb 2023- April 2024 | Istanbul, Turkey

- Developed a hybrid mobile application for iOS and Android platforms using Capacitor, Vue, TypeScript, and JavaScript, resulting in a seamless cross-platform user experience.
- Designed and implemented RESTful APIs and back-end services using Laravel to support and enhance mobile application functionality.
- Developed a Single Page Application (SPA) for managing business operations, using Inertia.js and React to create a smooth, responsive user interface.

Brickhunter | Full-Stack Developer Mar 2022 - Jan 2024 | London, UK

- Designed and implemented an e-commerce platform using Laravel, Vue, and Livewire, incorporating state management libraries to boost performance.
- Redeveloped the front-end codebase, creating modular and reusable components, significantly improving SEO and decreasing page load time.
- Developed and maintained RESTful APIs and back-end services to support CRM and e-commerce systems, resolving server-side issues and improving response times by 40%.

Universal Packing S. | Full-Stack Developer Feb 2020- April 2022 | London, UK

- Digitized business operations by developing a single-page web application, developing features like CRM, invoicing, workload automation, and delivery route optimization using Vue.js and Laravel.
- Created an in-app messaging system to improve marketing and business communications efficiency by 50%.
- Using Javascript, developed a mobile application for couriers with real-time tracking and management features, optimizing delivery processes substantially.

Okami Creative | Co-Founder & Full-Stack Developer 2016 - 2019 | Istanbul, Turkey

- Developed various interactive business applications, ranging from e-commerce, crm and mobile applications using JavaScript, Vue.js, and React.js.
- Spearheaded the development of a valet parking tracking application, automating customer and business metrics tracking, resulting in operational efficiency.
- Built and maintained documented front-end UI libraries via Vue.js and React.js, ensuring code consistency and accelerating project timelines for development teams.

Tech Stack	Expert ●●●●●	Advanced ●●●●●●	Proficient ●●●●●●
	Typescript / Javascript	Bun.js / Node.js	MongoDB / Firebase
	Vue.js / Nuxt.js	Laravel & PHP	SQL Databases
	React / Next.js	Ionic / Capacitor	Livewire / Inertia
	API Design  Proficient with tools like Vite, Pnpm, Storybook and OpenAPI. Strong understanding of GIT version control, CI/CD pipelines, Vercel, and Linux operating systems.		

Skills	OOP & Component Based Programming	Amazon Web Services
	API-Driven Software	Unit Testing (Vitest)
	State Management	E2E Testing (Cypress)
	Docker & Kubernetes	Design Systems
	Hybrid Mobile Application Development	User Experience Design

Education	Istanbul University Bachelor's degree in Linguistics Board Member of Istanbul University Photography Club (2016 - 2018)	2014 - 2020
	BilgeAdam Akademi Software engineering with .NET (300 hours)	2017 - 2018
	BilgeAdam Akademi System administration and Networking (300 hours)	2017 - 2018

Certifications	MSCA Programming in HTML5 with Javascript and CSS3 Microsoft	2018
	MSCA Programming in HTML5 with Javascript and CSS3 Microsoft	2018
	MSCA Programming in HTML5 with Javascript and CSS3 Microsoft	2018
	MSCA Programming in HTML5 with Javascript and CSS3 Microsoft	2018

Volunteering	Lions Club International Eminönü Lions Club / Member ( 2020 - 2022) Çemberlitaş Lions Club / Founding Member (2022 - Present)	2020 - Present
